Chapter Officer Nominations

The time has come to pass the torch. New nominations and volunteers to serve as our chapter officers, president and vice-president, are welcome.

General Topics

We will talk about anything anyone wants to talk about. Bring your stories and questions.

Door Prizes: The first 6 (or so) lucky attendees will receive free of charge an aftertouch gauge as proposed by Steven Hopp at the 2016 SCRC.

This handy unit is approximately 0.040" thick. Inserted around the front rail key pin under the key, the gauge indicates whether you have at least .040 aftertouch. If when pressing the key slowly, the hammer lets off, you have enough aftertouch.
